VIEW ALL

A stylized map of a city grid with a green highlighted area and several pushpins. The map features a grid of light gray squares representing city blocks, separated by white lines. A thick yellow line runs diagonally across the map, possibly representing a river or a major road. A green rectangular area is highlighted in the lower-left portion of the map. Several pushpins are placed on the map: two in the upper-left, three in the center, and a cluster of five in the lower-right. The pushpins are simple line drawings with a circular head and a pointed tail.
